

Peoples Bakers — Website Hosting මාර්ගෝපදේශය

සම්පූර්ණ අවශ්‍යතා, checklist සහ Mobitel inquiry template · ජූනි 2026

වැදගත්: මෙය සරල HTML website එකක් නොවේ. **Node.js server (v22.5+)**, backend API, SQLite database සහ HTTPS අවශ්‍යයි. PHP-only shared hosting වලින් **run වෙන්නේ නැහැ**.

1. අපි host කරන්නේ මොකක්ද?

අයිතමය	අවශ්‍යතාව
Runtime	Node.js 22.5 හෝ ඊට වැඩි
Start command	<code>npm start</code> — Express server run වෙනවා
Database	SQLite file (peoples-bakers.db) — MySQL server ඕන නැ
Storage	Persistent disk (~1 GB) — orders delete වෙන්න බැහැ
SSL/HTTPS	අනිවාර්ය (login, PayHere, secure cookies)
RAM	අවම 512 MB (1 GB recommend)

Website features (Backend අවශ්‍ය)

- Online ordering & checkout
- Customer login / register / Google Sign-In
- Admin panel — orders, products, feedback, users
- PayHere online payment (ශ්‍රී ලංකාව)
- Order confirmation emails (SMTP)
- English, Sinhala, Tamil භාෂා

2. Create කරන්න ඕන Accounts

#	Account	අරමුණ
1	Domain (Register.lk / LankaHost)	peoplesbakers.lk වගේ domain
2	Node.js hosting (Render / VPS / Mobitel Cloud)	Server 24/7 run කරන්න
3	GitHub (optional)	Code upload & auto deploy
4	Gmail හෝ business email	Order emails
5	PayHere (payhere.lk)	Online card payments
6	Google Cloud (optional)	Google login & Maps

3. Hosting Options — මොකක් හරි / වැරදිද?

Option	හරිද?	සටහන
Render.com (Node.js)	✓ හොඳම	Project එකේ render.yaml තියෙනවා
VPS (DigitalOcean, Linode)	✓ හරි	~\$5–12/month
Mobitel VPS/Cloud	පළමුව confirm	Node.js support තියෙනවද බලන්න
PHP-only cPanel hosting	✗ නැ	Node.js backend run වෙන්නේ නැ
GitHub Pages / Static Netlify	✗ නැ	Backend server නැ

4. Environment Variables (.env)

● Production — අනිවාර්ය

Variable	Example	අරමුණ
NODE_ENV	production	Production mode
JWT_SECRET	random 32+ characters	Login security — default change කරන්න!
SITE_URL	https://www.peoplesbakers.lk	Email links, PayHere URLs
DB_PATH	/var/data/peoples-bakers.db	Database save location

● Recommend කරනවා

Variable	අරමුණ
ADMIN_PATH	Secret admin URL (public site link නැ)
ADMIN_PROMOTE_EMAIL	මියාගේ email admin කරන්න
SMTP_HOST, SMTP_PORT, SMTP_USER, SMTP_PASS	Order emails
MAIL_FROM	Email sender name
WHATSAPP_NUMBER	94771234567 — chat button

● Optional

Variable	අරමුණ
GOOGLE_CLIENT_ID	Google login
GOOGLE_MAPS_API_KEY	Find Us outlets
PAYHERE_MERCHANT_ID / SECRET	Online payments
PAYHERE_SANDBOX	true = test, false = live
PHONE_DISCOUNT_PERCENT / MIN	Checkout discount (default 20%, min Rs.500)

5. PayHere Setup

1. **payhere.lk** register → Merchant ID & Secret ගන්න
2. Test: sandbox.payhere.lk (`PAYHERE_SANDBOX=true`)
3. PayHere dashboard Notify URL:
`https://www.peoplesbakers.lk/api/payments/payhere/notify`
4. Public HTTPS URL ඕන — localhost වැඩි නොකරයි
5. Live: `PAYHERE_SANDBOX=false` + live keys

6. Gmail SMTP (Emails)

1. Google account → 2-Step Verification on
2. App Password: myaccount.google.com/apppasswords
3. SMTP_HOST=smtp.gmail.com, PORT=587, USER, PASS set කරන්න
4. SMTP blank නම් site run වෙනවා — emails විතරක් නෑ

7. Domain & DNS

Record	Name	Value
CNAME	www	Hosting URL (e.g. peoples-bakers.onrender.com)
A or CNAME	@ (root)	Hosting IP or URL

Hosting dashboard SSL enable කරන්න. SITE_URL live HTTPS domain එකට update කරන්න.

8. Admin Panel

අයිතමය	විස්තර
Default URL	https://yoursite.lk/pb-office.html
URL change	ADMIN_PATH env variable set කරන්න
First login	admin@peoplesbakers.lk / admin123
⚠ Live වෙන්න කලින්	Admin password අනිවාර්යයෙන් change කරන්න

9. Go-Live Checklist

- ☐ Code GitHub / server එකට upload
- ☐ Node.js hosting deploy + persistent disk
- ☐ JWT_SECRET strong random string

- ☐ SITE_URL = live HTTPS URL
- ☐ Domain buy + DNS configure
- ☐ SSL active (HTTPS working)
- ☐ Admin password change (admin123 remove)
- ☐ ADMIN_PATH secret URL එකකට change
- ☐ SMTP configure + test email
- ☐ PayHere sandbox payment test
- ☐ Images upload (images/home/, products...)
- ☐ npm run verify — all checks pass

10. Cost Estimate (rough)

අයිතමය	Approximate Cost
.lk domain	Rs. 3,000 – 5,000 / year
Render paid + 1GB disk	\$7 – 15 / month
VPS alternative	\$5 – 12 / month
Gmail SMTP	Free
SSL certificate	Free
PayHere	Bank merchant setup

11. Mobitel එකට Email Template (English)

Subject: Inquiry — Website Hosting for Online Bakery (Node.js Application)

Dear Mobitel Business Support Team,

We are Peoples Bakers, a bakery business in Sri Lanka planning to launch our official website with online ordering, customer login, admin panel, and PayHere payment integration.

Our website requires a Node.js server (version 22+) — it is NOT a simple static HTML or PHP website. Data is stored in a SQLite database file and requires persistent storage.

Please confirm:

1. Does Mobitel provide Node.js hosting or VPS/Cloud suitable for this?
2. What packages are available and the cost?
3. Can you provide SSL and .lk domain support?
4. Is persistent disk storage included?
5. What documents/details do you need from us?

Technical requirements:

- Node.js 22.5+
- 512MB–1GB RAM
- 1GB persistent storage
- HTTPS/SSL certificate
- Custom domain support
- 24/7 server uptime

Thank you.

[Your Name] — Peoples Bakers

Phone: [07X XXX XXXX]

Email: [your@email.com]

12. Mobitel WhatsApp / Phone Message (සිංහල)

Ayubowan, mam Peoples Bakers bakery business eken online website ekak live karanna hadanawa.

Me site eka Node.js server ekak run wenna one — online orders, login, admin panel, PayHere payment. PHP-only hosting valin backend eka run wenne ne.

Confirm karanna puluwanda:

1. Mobitel eken Node.js / VPS / cloud server support thiyenawada?
2. HTTPS, domain (.lk), 24/7 uptime thiyenawada?
3. Orders save wenna persistent storage thiyenawada?
4. Monthly cost monawada?

5. Apita denna one documents monawada?

Technical: Node.js 22+, 1GB storage, SSL, custom domain.

Thank you. [Name] [Phone]

13. Host එකට අහන්න Key Questions

ප්‍රශ්නය	ඇයි
Node.js 22+ support thiyenawada?	PHP-only hosts වැඩ නොකරයි
Persistent disk storage thiyenawada?	Orders restart වෙනකොට delete වෙන්න බැහැ
SSL/HTTPS included?	PayHere & login සඳහා
PayHere webhook HTTPS allow?	Payment notifications
Monthly cost & setup fee?	Budget
Setup help දෙනවද?	Technical support

14. Mobitel Node.js Support නැත්නම්

Render.com (Node.js hosting) + **.lk domain** separately Register.lk/LankaHost වලින් buy කරන්න. DNS Render එකට point කරන්න. Project එකේ Render config (render.yaml) already ready.

15. Apita Denna One Details (Mobitel අහන්න පුළුවන්)

Document / Info	
Business name	Peoples Bakers
Contact person	[ඔයාගේ නම]
NIC / Business registration	[ඉල්ලුවොත්]
Phone	[07X XXX XXXX]
Email	[your@email.com]
Domain	peoplesbakers.lk (example)

16. Developer Commands

Command	අරමුණ
npm install	Dependencies install
npm start	Server start (port 3000)
npm run verify	Backend checks
npm run promote-admin -- email	Admin role දෙන

17. Security — Live වෙබ්න කලින්

- JWT_SECRET default value production එකේ **never** use කරන්න
- admin123 password **immediately** change කරන්න
- .env file GitHub එකට push නොකරන්න
- ADMIN_PATH public site link එකේ නොදාන්න
- PayHere secret keys share නොකරන්න
